ABOUT COMPANY

ZAMAN IT is focused in Software and Web Design, development, search engine optimization and web marketing, e-Commerce, multimedia solutions, content writing, graphic and logo design. We have a highly capable team of web consultants, creative designers, content writers, programmers and web marketing professionals who know how to deliver results. We treat each of our clients individually and therefore we do not offer set prices on any service. We offer affordable low cost web design with our web design services for all personal web sites and business web sites. Our professionals believe that the key factor for the success of any ongoing project is to build a spotless communication bond with our client.

Our team members are not just IT professionals but have decent communication skills with people, which effort in cycle with your needs and requirements. Our company takes care of every minute with details for what our client communicate during the process of developing the project. As a web development firm our request for you to look at the information technology sector in Bangladesh in recent days. This industry has been improved very rapidly with available highly skilled IT professionals and update communication technologies. As you know because of a developing country and currency advantage, it's a crystal-clear cost advantage for you to outsource your web development work to us.

OUR MISSION

Meet Your Expectation

Thousands of Web development companies are still doing business in the world. But people are still finding difficulties to meet their expectations in their range. Zaman IT, a total web development company, believes that it can provide something different in this competitive web development market. Zaman IT will help you to meet your expectations in your range by providing you the complete test in web development sectors.

Commitment for Outstanding Services

Zaman IT is a off shoring web development firm focusing mainly in fresh website design, customized website design, Website development, search engine optimization (SEO), e-commerce, website maintenance and advanced web development. As a web development firm you can surely get outstanding service and high quality product in web design and web development. Our company believes in pleasant relationship with our client by providing commitment of superior customer service. Our company's professionals want to work as your own developer as they are not only developed the website but also developed relationship.

DEDICATED OFFSHORE RESOURCE

Zaman IT gathers a group of elite's professionals with their rich and valuable experience. They have established their proficiency in the countless successful teamwork with our associates.

Zaman IT provides a particular service that you can hire our dedicated offshore developers who work only for you every day, the way of payment is can be on monthly basis or on hourly basis or on project-to-project basis. We are willing to assist you with your long-term business tactics.

Our procedure

According to your demand, we will provide profile of our professionals who have the expertise of relevant information technologies and skill-sets you require, as you can communicate with them to take an interview.

We will provide a trial development work which may be a part of your massive project to help you decide whether you are going on for a long term relationship with us or not.

We will provide pricing on a monthly or hourly or project rate for engineers according to the technical level, programming expertise required, and the project scope.

At the commencement of new strategic partnerships, when the service begins, we can communicate directly by email, instant messenger, or telephone, so that the offshore team members can respond promptly working in conjunction with your team.

You can control the progress of the offshore team by web-based project management tools. We can submit daily or weekly progress reports tailored to customer needs.

What you need to do

Efficient cooperation can prove expected result with minimal effort. We need the following minimum prerequisites to create an unbeaten conduit between us:

We never start the project without understanding project requirements. Proper documented project specification or the detailed requirement about what you want. Open communication through e-mail, chat or telephone.
